

How to Order Your Credit Score

Your credit score is not included when you order a copy of your credit report from any of the three credit-reporting bureaus. You have many options for purchasing your credit score from the bureaus or other credit product providers, either by itself or in combination with other related products or services. Offers are organized by price below, from lowest to highest.

All three bureaus offer consumers the ability to purchase their score at their website by filling out a form and providing payment.

Product	Provider	Highlights	Price	How to Purchase
